Ddar Cliff:

Just received a copy of the Numismatic News' special issue on National Coin Week.

I can fully appreciate all the time, effort expended on research in preparing this apecial edition. On behalf of us here at headquarters, a mere thanks cannot fully express our appreciation.

Lee Martin, Maury Gould and the entire National Coin Week committee have worked very hard in promoting this great hobby of ours. I can only say that your special edition has gone a long way in helping to make their efforts a success for 1971.

Sincerely,
